We are inspired by children and our vision is to see all the children of the World fit, co-ordinated, confident and happy.

- Our vision is to remain the leader in the respected children's fitness industry.
- Our vision is to share with others.

THIS IS HOW WE ROLL!

Children are at risk of **spending too much time in front of a screen** instead of moving eg. computers, TV, electronic games, cell-phone games etc.

RESEARCH TELLS US

Children today are **living in smaller environments** eg. townhouses and clusters

Security concerns limit the free exploration of the environment by children

Children have increasingly **limited access to large gardens and jungle gym equipment**

Our Programme

Our fun and creative approach to movement allows children to be children again. Monkeynastix is a broad-based, holistic program that combines creativity and music with basic training in flexibility, balance, strength, agility, co-ordination and body awareness. Your child will love each energy-packed lesson.

How does Monkeynastix work?

- Monkeynastix have 3 separate curriculums for ages 1-2, 3-6, 7-8.
- A qualified instructor will come to your child's school or public venue to run a class once a week.
- Lessons run for 30 minutes.
- Lessons include a warm up to music, stretch and tone and working with specialised equipment.
- We believe in rewarding children to build their self esteem - each child receives a sticker or special hand out at the end of every class.
- A certificate will be given to your child at the end of each term.
- At the end of each year your child will receive a special Monkeynastix medal.
- To get the maximum benefit out of our programme, our members are encouraged to complete at least 1 Monkeynastix cycle of 2 years.

Healthy living habits

Get your child into healthy living habits from an early age. At Monkeynastix we reinforce what you are doing at home by incorporating some of the following into our lessons:

- Emotional intelligence (e.g. respect yourself and others)
- Social skills (e.g. please and thank you)
- Environmental awareness (e.g. conserve water)
- Moral standards (e.g. waiting your turn)
- Healthy habits (e.g. Like brushing teeth, sun protection, hygiene)

Open the door to learn

Create opportunities for your child to move. Your encouragement and support is important. Remember that every time your child moves the door to learning opens.
